

## Free Sound Effects Download Pack #1 Released by Blastwave FX

*Favorite Blastwave FX Sound Effects Available for Free Download on Website*

**Detroit, Michigan, February 2, 2009** – Blastwave FX, the HD sound effects label, has announced the release of **Free Sound Effects Download Pack #1**, available on [www.blastwavefx.com](http://www.blastwavefx.com). The Free Sound Effects Download Pack #1 contains **68 favorite sound effects selections** from 40 Blastwave FX libraries. Sonic novelties include angry goat bleating, bursting fireballs, robot footsteps, a pixie dust fly-by, digital glitch, low frequency tremors and much more.

The Free Sound Effects Download Pack #1 is available for download at: [www.blastwavefx.com/i25/Blastwave-FX-Free-Sound-Effects-Download-Pack/information.html](http://www.blastwavefx.com/i25/Blastwave-FX-Free-Sound-Effects-Download-Pack/information.html)

The 68 sound effects included Free Download Pack are available for all to use on a **royalty-free** basis via a Creative Commons License and contain 68 **selections from the 40 Blastwave FX collections** produced to date, including SONOPEDIA™, Blastwave Imaging Elements, Radio Meltdown, Pop, Buzzsaw, LFE and more.

"After years of producing sound effects libraries for companies such as Apple, Sony, Adobe, Hollywood Edge and Sound Ideas, we decided it was time to do our own thing," said Ric Viers of Blastwave FX. "We have released the Free Download Pack as a way to introduce Blastwave FX and give people sound effects they can check out and use for free. Blastwave FX was born in January 2007 and since then we have produced over 33,000 sound effects organized into 40 royalty-free collections, including our flagship library SONOPEDIA™.

### About Blastwave FX

Blastwave FX ([www.blastwavefx.com](http://www.blastwavefx.com)) develops next-generation HD sound effects libraries for professional audio production. Blastwave FX libraries,

including the flagship SONOPEDIA™, serve as royalty-free creative resources for audio professionals worldwide in post, broadcast, film, television, video games, animation, radio, new media and beyond.
